DETAILED ACTION

1. Applicant's response filed on 09/03/2004 has been fully considered. The claim objections have been withdrawn in view of Applicant's amendments.
2. Claims 4, 5, 10, 17 and 18 are amended, and claims 1-20 are pending.

Double Patenting

3. Claims 1-4, 6-17, 19 and 20 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 5-20 in view of paragraphs [0039, 0063, 0079 and Example 1] of copending Application No. 10/890,701. Although the conflicting claims are not identical, they are not patentably distinct from each other because the claims of the present application overlap with the claims of 10/890,701, and they would be obvious.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Response to Arguments

4. Applicant's argument is based on that the present invention relates to an antistatic ink for backing up while the invention of '701 relates to an antistatic adhesive. This argument is not persuasive because the compounds used to make the claimed antistatic ink are substantially identical to the compounds used to make the antistatic adhesive of the prior art. Thus claims 1-4, 6-17, 19 and 20 stand rejected.

Allowable Subject Matter

5. Claims 5 and 18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
